

A BETTER CHANCE

WHAT WE DO

A Better Chance places high-performing students of color in our nation's best independent schools and supports them on their educational and leadership journeys.

A BETTER CHANCE STUDENTS

A Better Chance students embrace the transformational nature of education. They are curious, academically successful and strive to be leaders in our world.

STAGES OF THE A BETTER CHANCE PROGRAM

Students apply to A Better Chance in February and are selected by June. Students selected for the program become part of a "Cohort" of students who will go through the independent school admissions process with the support of A Better Chance. Successful students will ultimately receive and accept an admissions offer from an A Better Chance Member School and become an A Better Chance Scholar.

APPLICATION OPENS

February 1st

EARLY-DECISION APPLICATION DUE

March 1st

REGULAR-DECISION APPLICATION DUE

April 15th

EDUCATIONAL OPPORTUNITIES

A Better Chance works with three types of educational institutions: day schools, boarding schools, and Community Schools Programs (CSPs).

INDEPENDENT DAY SCHOOLS

Scholars live at home and commute to independent schools for classes & school activities.

INDEPENDENT BOARDING SCHOOLS

Scholars live away from home in a campus dormitory and attend classes on campus.

COMMUNITY SCHOOLS PROGRAM (CSP)

Community Schools Programs (CSPs) are independent 501(c)(3)s that allow Scholars to live away from home in a suburban community and attend a high-performing public school.
