

Dear Parents and Guardians,

Many of you have reached out via email inquiring about who your children will have as their teachers this coming school year. Unfortunately, we won't be able to provide specific information until September 7th.

As summer continues to roll on, don't forget to read to your children and have them read to you! Reading is a wonderful way to strengthen family bonds while keeping their young minds occupied.

Have a wonderful summer season and I look forward to seeing everyone in September.

Sincerely,

Cynthia Chory
Principal
